My dedication to staying abreastof industry currentsand my collaborative nature positionme as an invaluable asset inany dynamic softwaredevelopment setting. Let's connectand delve into how my expertise can elevate the success of our upcomingendeavors

WORK EXPERIENCE   [1.3 YEAR]

Image infosystems pvt ltd.   **OCT 2022-DEC2023**

- Collaborated with Development and testing teams to develop software, develop, and implement cutting-edge software solutions, meeting and exceeding.

- Client requirements: Utilized a variety of programming languages and tools to deliver high-quality, scalable, and maintainable code.

- Full Stack Development: Development of a full-stack application, using technologies such as HTML5,CSS3,Javascript for the front end and Java 8 for the back end and MYSQL, database.

- Database Management: Designed and optimized relational databases.

PROJECT

Bill Project: **27 Sept 2023 - 30 Nov 2023**

I completed the Bill Project, which focused on international and national bills. My role in this project was a Full-stack Developer responsible for creating controllers, JRXML files, and generating them using Java 8 and MySQL. Additionally, I worked on the UI, utilizing Hibernate, Jasper Studio, and Spring Boot.

IDFC Bank Live Project: **11 Nov 2022- 15 Aug 2023**

- Role: Served as a Asst. Software Developer in a development team responsible for a mission IDFC BANK.
- Responsibilities Participated in daily stand-ups, providing updates on progress, challenges, and planned work for the day.

Smart Cloud base Contact System: **16 Dec 2023 - 5 Jan 2024**

Creating a smart cloud-based Contact System using Spring Boot, MVC, Spring Data JPA, MySQL, Spring Security, validation, and DevTools.

Training: **Oct 2021- June 2022**

I completed java full stack development training from JSpider Noida
